P.O. BOX 776. JUPITER, FLORIDA

GREETINGS, FRIENDS!

I grow the following seeds, seedlings, cuttings and plants, and offer them for sale, believing them to be true to name, and that they will live and grow for you as they do for me.

MAIL ORDERS must include sufficient postage, except offers listed prepaid. Since I must ship in boxes for safety, and it is impossible to be certain about the amount needed, send plenty and I will refund any unused postage sent. Inquiries must include a stamped envelope for reply.

TERMS are cash with order. No C.O.D. Minimum order \$3, except on seeds, or SPECIAL Prepaid Offers. Special Handling costs 35¢ and frequently it cuts days off the time your plants are enroute. AIR-MAIL is safest in hot weather for fragile plants. Allow four times surface postage.

I cannot mail large-sized plants. Others I remove from soil and wrap in sphagnum moss. I pack carefully, sending only good stock, but cannot be held responsible for poor arrival because of the perishable nature of many exotic plants. I ship by express, upon request. No packing charges.
